Alex and Jane -

Just a quick note to let you know that the SUMMIT program is taking shape and the attendee response has been great.

Beyond this, I am writing to ask if you have a preferred photo, bio, and intro and if you have a sense of when you might be arriving so that we can be on the look out. Beyond this, if you need anything from us, please don't hesitate to call.

To give you some sense of our program - on the first day (your day), our program will include a number of EHS + ENERGY updates (e.g. Policy updates, TSCA, OSHA) as well as some time on emerging topics/issues (e.g. PFOA, PFOS; Microgrids) in the morning. This will be followed by a session on coastal resiliency and a panel on CAA matters. Your presentation will be followed by time allowed for questions. On day two we will open with the director of the compliance law program from Boston University School of Law speaking broadly about the expectations related to compliance functions, and then have a number of panel discussions focussed on Compliance and EHS Best Practices, followed by sessions on working with consultants.

Again - please let us know if there is anything that we can do to make your day easier and most enjoyable. Looking forward to seeing you.

Best,

Earl
